Junior Programme

Our Junior Hapkido programme aims to develop the student into a Junior Black Belt. There are 8 belt grades to work through on this journey which takes 3 - 4 years to complete. These grades mirror the adult Hapkido grades but the equivalent Junior Hapkido belt has a white strip running through it. Each belt grade is broken down into 5 stripes. Each stripe covers an aspect of our training programme. Once a student becomes proficient in a particular aspect for his or her particular grade, a tape stripe is earned and placed on one of the tips of their belt.

The Hapkido Junior Black Belt is a split colour red belt with a black stripe running through its centre. It also has the student's name embroidered on it.

Junior Black Belt provides an ideal platform to develop the skills to eventually attain an adult Black Belt which we don't normally award to students until they are at least 15 years old.
